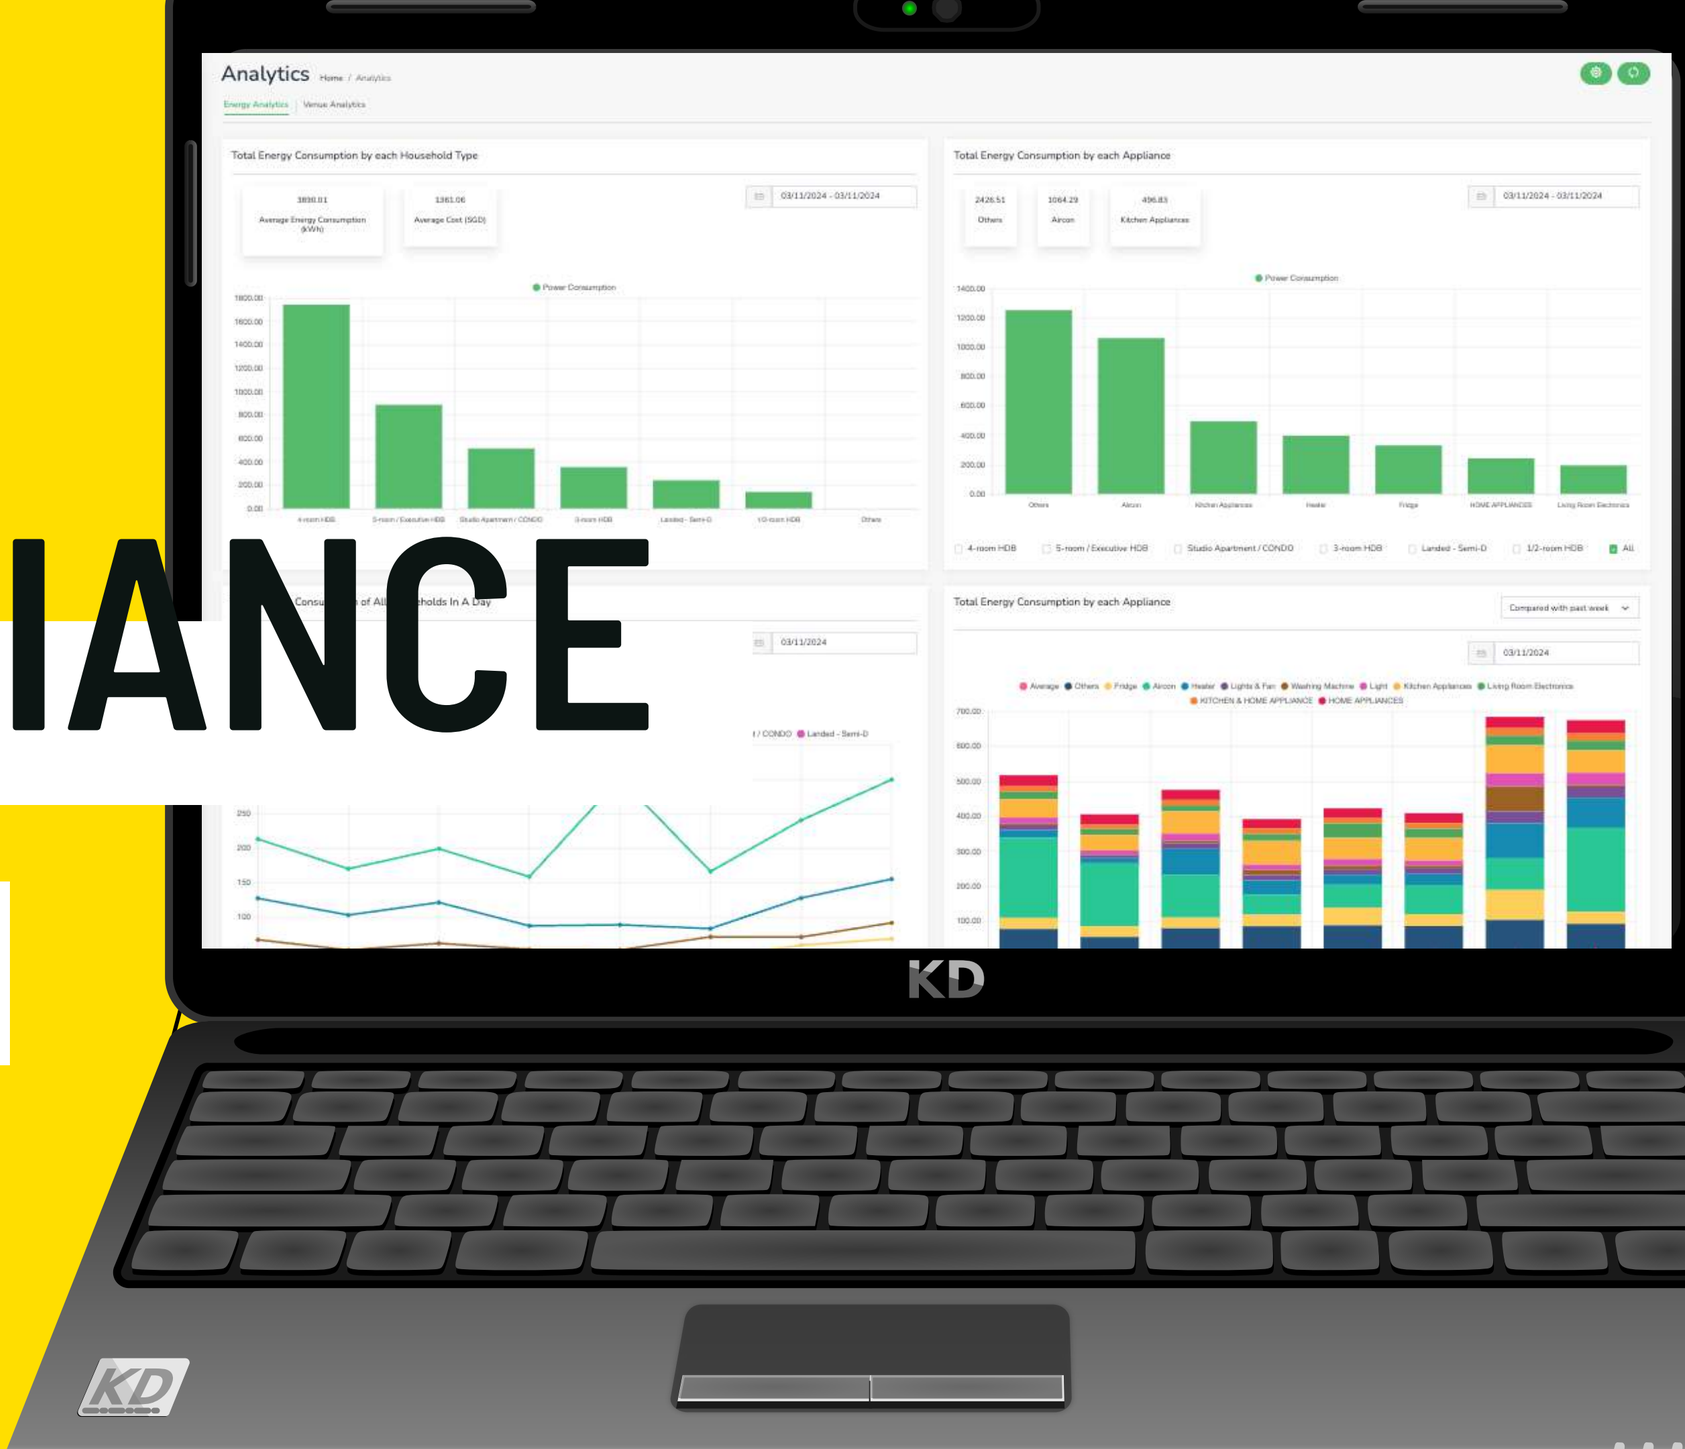
BE COMPLIANCE READY



READY
TEMPLATES FOR MULTIPLE INDUSTRIES

JARVIS meets the needs of multiple industries, via its ready packed templates, views, and easy to visualise platform.

JARVIS is a quick and easy platform for the purposes of surveillance and monitoring the environment

JARVIS for surveillance and monitoring

Jarvis offers a diverse solution with different templates that are catered around surveillance and monitoring to prevent any accidents or to oversee and monitor data coming in for further analysis and monitoring trends.

1 Multiple Template Solution

JARVIS Multiple Template solution caters to many different industries.

Government, Real Estate, Visitor Management, Events, Logistics, Manufacturing, Gaming, Call Centre, Healthcare, Mall, Cruise Management

2 Survallance & Monitoing

Monitor the trends in the environment and set alert parameters on the platform for any abnormal readings to ensure a timely response to any potential issues or anomalies.

3 Yearly VAPT

A yearly VAPT is conducted every year to assess for any vulnerability and stay ahead of emerging threats, comply with regulatory requirements, and maintain the integrity and security of our digital assets.
